RESUME SUMMARY

A tech enthusiast with a passion for programming and data management, I have hands-on experience developing online systems using Django, PostgreSQL, and ensuring secure transactions. My goal is to leverage my skills in Python, Django, and machine learning to innovate in the field of artificial intelligence and data science.

PERSONAL DETAILS

Current Location Nashik
Date of birth March 21, 2004
Gender Male

EDUCATION

Graduation B.Tech/B.E. (artificial intelligence and data science)
Sandip Institute of Technology and Research Centre, Nashik, Nashik with CGPA 8.21

Class XII Maharashtra
with 62.1% in 2021

Class X Maharashtra
with 68.2% in 2019

INTERSHIPS AND PROJECTS

Internships **Infosys Springboard** (Duration April 2024 - June 2024)
Developed an online food ordering system using Django, integrating PostgreSQL for data management and secure payment gateways for transactions. Implemented user authentication and authorization, and created RESTful APIs for seamless front-end and back-end communication. Conducted testing and debugging to ensure system reliability, collaborating with the team using Git and GitHub.
Skills used - Django,Python,GIT,Github

Projects **Online Event Display System** (Duration November 2023 - December 2023)
Online Event Display System was an online web based application where students can check about the upcoming event and can broadcast the upcoming event.

SKILLS AND ACHIEVEMENTS

Skills Python,Django,Data Analytics,Data Visualization,Database Management System,MySQL,C++,Communication Skills,Machine Learning,Pandas,Numpy
Language English (Both), Hindi (Both)
